Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 10/03/05 has been entered.

The amendments to the specification and claims have been entered. The pending claims are 1-24.

The petition under 37 CFR 1.48(a) for the addition of an inventor is proper and the petition is granted. Augustino Molina is being added as an inventor.

The replacement drawing is non-compliant and must be replaced with a drawing identified in the top margin as "Replacement Sheet". "New Sheet" or "Annotated Sheet"

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art does not teach the process as claimed for forming filling material; useful for quilts and pillows or the mixture of down and lyocell useful as filling material.

Eichinger et al. "Lenzing Lyocell Fill Filling Fiber for Bedding" disclose the use of lyocell filling material which for bedding. They suggest its mixture with polyester filling

Art Unit: 1751

material. They do not teach or suggest the mixture of lyocell with down or the steps of preparing said mixture as claimed. Lyocell is a solvent spun cellulosic material. Down is natural feather material used for filling material. The mixture of lyocell with polyester, which is a synthetic material, does not render obvious the mixture of lyocell with down, or natural feathers.

Lenzing, WO 2004/023943, which is not available as prior art discloses a quilt comprising lyocell filling fibers. They compare the lyocell filling to down filling in Table III. In Tables I and II they disclose lyocell/polyester fill and in Table I said filling is compared to down. There is no suggestion to combine down feather filling with synthetic lyocell. Accordingly claims 1-24 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
